

L. CORNELISSEN & SON

Artists' Colourmen

Suppliers of Materials for Painters, Gilders & Printmakers

Safety Data Sheet according to Directive 91/155/EC

Revision Date: November 2013

1) Identification of the substance/preparation and the company

Trade Name: Cornelissen Ammonium Carbonate.

Application: Artists' Adhesive

Manufacturer/Supplier:

**L Cornelissen & Son Ltd
105 Great Russell Street
London WC1B 3RY**

Tel: 020 7636 1045

Fax: 020 7636 3655

www.cornelissen.com

2) Composition/Information on ingredients

Ammonium Carbonate

CAS No: 506-87-6

EC No: 208-058-0

3) Hazards Identification

Classification

Classification according to Regulation (EC) No 1272/2008

Signal word: Warning

GHS07

Hazard designation: H315 Causes skin irritation.

 H319 Causes serious eye irritation

H335 May cause respiratory irritation.

Safety designation: P261 Avoid breathing dust/fume/gas/mist/vapours/spray.
P305+P351+P338 If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P302+P352 If on skin: Wash with soap and water.
P321 Specific treatment (see on this label)
P405 Store locked up
P501 Dispose of contents/container in accordance with local, regional or national regulations.

4) First Aid Measures

If inhaled: Remove to fresh air. If required, provide artificial respiration. Keep patient warm. Seek medical advice if symptoms persist.

In case of skin contact: Wash off immediately with soap and plenty of water. Seek immediate medical advice.

In case of eye contact: Rinse open eye immediately with plenty of water. Seek medical advice.

If swallowed: Seek medical advice.

Most important symptoms and effects, both acute and delayed:
N/A

Indication of any immediate medical attention and special treatment needed:
N/A

5) Fire Fighting Measures

Extinguishing media

Suitable extinguishing media: CO₂, dry powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.

Special hazards arising from the substance or mixture

Specific hazards during fire fighting: Carbon monoxide and carbon dioxide.
Nitrogen oxides (NO_x)
Ammonia

Advice for fire fighters

Special protective equipment for fire fighters: In the event of fire, wear self-contained breathing apparatus. Wear full protective suit.

6 Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures

Personal precautions: Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation.

Environmental precautions

Environmental precautions: Prevent contamination of soils, drains and surface water.

Methods and Materials for Containment and Cleaning Up

Methods and materials: Ensure adequate ventilation.

7) Handling and Storage

Precautions for Safe Handling

Advice on safe handling: Handle under dry protective gas.
Keep containers tightly sealed.
Store in a cool dry place in tightly closed containers.
Ensure good ventilation/exhaustion at the workplace.

Safe Storage

Storage conditions: Store away from water.
Store away from oxidising agents.
Store under dry inert gas.

Store sealed containers in a cool, ventilated location.

8) Exposure/Personal Protection

Exposure Controls

Appropriate engineering controls

Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100ft per min.

Personal protective equipment

General Follow normal measures in the handling of chemicals.
Keep away from foodstuffs.
Wash hands during breaks and at the end of work.
Remove soiled clothing.

Eye/face protection: Eye protection not required.

Skin protection: Handle with suitable impervious protective gloves. Check gloves before use.

Body Protection: Protective work clothing.

Respiratory protection: Use breathing protection with high concentrations.

9) Physical and chemical Properties

Form:	Powder
Colour:	White
Odour:	Ammonia-like
Odour Threshold:	N/A
pH:	N/A
Melting point:	60°C (subl)
Boiling point/boiling range:	N/A
Flash point:	N/A
Evaporation rate:	N/A
Flammability (solid, gas):	N/A
Upper explosion limit:	N/A
Lower explosion limit:	N/A
Vapour pressure:	N/A
Relative vapour density:	N/A
Density:	N/A
Water solubility:	Soluble
Auto-ignition temperature:	N/A
Thermal decomposition:	Currently we do not have any information from our supplier about this.
Viscosity, dynamic:	N/A
Explosive properties:	N/A

10) Stability and Reactivity

Reactivity:	No information available.
Chemical stability:	Stable under normal conditions.
Possibility of hazardous reactions:	No dangerous reactions known.
Conditions to avoid:	None under normal conditions.
Incompatible materials:	Water/moisture. Oxidising agents.
Hazardous decomposition products:	Carbon monoxide and carbon dioxide. Nitrogen oxides (NOx) Ammonia

11) Toxicological Information

Information on toxicological effects No data available
Skin corrosion/irritation: Irritant effect.
Eye irritation: Irritant effect.
Respiratory or skin sensitization: Irritating to the respiratory system.
Additional toxicological information: Not fully known.

12) Ecological Information

Persistence and degradability: No data available
Bio accumulative potential: No data available
Mobility in soil: No data available
Water hazard: Class 1 slightly hazardous for water.
Prevent contamination of soils, drains and surface water.
Ecological effects
Aquatic toxicity: No data available

13) Disposal Information

Waste Treatment Methods
Product: Dispose of product as hazardous waste.
Dispose in accordance with all applicable local & national regulations.
Contaminated packaging: Dispose of as unused product.

14) Transport Information

Not classified as dangerous.

15) Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture.
Employment restrictions regarding young persons must be observed.
For use by technically qualified individuals.
Water hazard class: 1, slightly hazardous for water
Chemical Safety Assessment: No data available

16) Other information

This product should be stored, handled and used in accordance with good hygiene practices and in conformity with any legal regulations.

To best of our knowledge the information contain herein is accurate. However, neither the above supplier assumes any liability whatsoever for the accuracy or completeness of the information herein

Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist
