Trade Name: Cornelissen Gamboge Lumps and Powder.

Application: Artists' Pigment

Manufacturer/Supplier:

L Cornelissen & Son Ltd
105 Great Russell Street
London WC1B 3RY

Tel: 020 7636 1045

Fax: 020 7636 3655

www.cornelissen.com

2) Composition/Information on ingredients

Gamboge

CI Natural Yellow 24

CAS No: 9000-25-3

EINECS No: 232-533-1

3) Hazards Identification

Classification according to EC Regulation No.1272/2008

GHS Classification: Acute toxicity (oral), hazard category 3

Hazard designation: GHS08

Signal word: Danger

Hazard designation: H301 Toxic if swallowed.

Safety designation: P270 Do not eat, drink or smoke when using this product.

P301+P310 If swallowed: Immediately call a poison centre or physician.

P264 Wash thoroughly after handling.

4) First Aid Measures

Inhalation: Supply fresh air. If required provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.

Ingestion: Rinse mouth with water. Immediately get medical help and transfer to a hospital.

Eyes: Rinse opened eye for several minutes under running water.

Skin: Wash with water and soap and rinse thoroughly.

General information: Seek medical attention in case of complaints.

Most Important Symptoms and Effects, both Acute and Delayed

Possible symptoms: No further information available.

Indication of any Immediate Medical Attention and Special Treatment needed

Information for physician: Treat symptomatically.

5) Fire Fighting Measures

Extinguishing media:	Use extinguishing media for surrounding fire.
Unsuitable extinguishing media:	None known. Water jets may be unsuitable for powder.
Special Exposure Hazard:	No information available.
Advice for Firefighters	
Protective equipment:	Self-contained respiratory device

6 Accidental Release Measures

Personal Protective Equipment:	Respiratory protective equipment. Ensure adequate ventilation.
Leaks and Spills:	Avoid formation of dust. Clean up using appropriate personal protective equipment. If in powder form, damp down and scoop into receptacle.
Environmental precautions:	Prevent contamination of soil, drains and surface waters.

Transfer material to container for disposal. Dispose of contaminated material as waste according to section 13

7) Handling and Storage

Handling:	Avoid breathing dust and use with adequate ventilation. Do not eat, drink or smoke in areas where the material is used. Wash thoroughly after handling. Use gloves and overalls to avoid skin contact.
Storage:	Store in tightly sealed containers. A dry, well-ventilated area is considered suitable for handling and storage. Do not store with foodstuffs.

8) Exposure/Personal Protection

Engineering Controls:	Adequate ventilation should be provided. Local exhaust ventilation normally recommended.
Respiratory protection:	Use in case of formation of dust.
Skin protection:	Wear suitable protective gloves and clothing.
Eye protection:	Use safety glasses.
Environmental precautions:	Do not allow entering sewerage system.

9) Physical and chemical Properties

Appearance:	Yellow pieces or powder
Odour:	None
Boiling point:	N/A
Melting point:	N/A
Flash point:	N/A
Ph:	N/A
Solubility:	Partly soluble in water.

10) Stability and Reactivity

Stability:	Stable under normal conditions of storage and use.
Hazardous reactions:	No information available.
Dangerous decomposition products:	None if stored and handled according to specifications

11) Toxicological Information

Information on Toxicological Effects

Toxic! Do not swallow.

Primary Effects

Oral Toxicity:	Toxic.
Inhalation:	No information available.
Eye contact:	No information available.
Skin contact:	No information available.
Additional toxicological information:	No data available

12) Ecological Information

Persistency and Degradability:	No information available.
Bioaccumulation:	No information available.
Mobility:	No information available.

Ecological effects

Aquatic toxicity:	No information available.
-------------------	---------------------------

Further information

Water hazard class:	0
---------------------	---

13) Disposal Information

Waste Treatment Methods

Product: Dispose of according to official national and local regulations.

Uncleaned packaging: Dispose of according to official local regulations.

14) Transport Information

Not classified as dangerous goods under transport regulations.

15) Regulatory Information

Safety, Health and Environmental Regulations/Legislation specific for the Substance or Mixture

Water hazard class: 0, not hazardous

Chemical Safety Assessment

Chemical safety assessment: No information available.

16) Other information

This product should be stored, handled and used in accordance with good hygiene practices and in conformity with any legal regulations.

To best of our knowledge the information contain herein is accurate. However, neither the above supplier assumes any liability whatsoever for the accuracy or completeness of the information herein

Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist
